Forward-Looking Statements
This communication includes "forward-looking statements" within the meaning of the federal securities laws. Forward-looking statements may be identified by the use of words such as "estimate," "plan," "project," "forecast," "intend," "will," "expect," "anticipate," "believe," "seek," "target," "continue," "could," "may," "might," "possible," "potential," "predict" or similar expressions that predict or indicate future events or trends or that are not statements of historical matters. We have based these forward-looking statements on current expectations and projections about future events. These statements include, but are not limited to, statements regarding expectations, hopes, beliefs, intentions, plans or prospects regarding Yellow.ai, Bluerock, the proposed transaction and the future held by the respective management teams of Yellow.ai or Bluerock, the anticipated benefits and the anticipated timing of the proposed transaction, and the expected future performance and market opportunities of Yellow.ai and the expected financial impacts of the proposed transaction (including future revenue, pro forma enterprise value and cash balance).
These forward-looking statements are provided for illustrative purposes only and are not intended to serve as, and must not be relied on as, a guarantee, an assurance, a prediction or a definitive statement of fact or probability. Actual events and circumstances are difficult or impossible to predict and will differ from assumptions, many of which are beyond the control of Yellow.ai and Bluerock. These forward-looking statements are subject to known and unknown risks, uncertainties and assumptions that may cause actual results to differ materially from those expressed or implied. Additional information concerning these and other factors may be found in filings with the U.S. Securities and Exchange Commission. Undue reliance should not be placed upon these statements.

Additional Information About the Proposed Transaction and Where to Find It
The proposed transaction will be submitted to shareholders of Bluerock for their consideration. Bluerock intends to file a registration statement on Form S-4 (the "Registration Statement") with the U.S. Securities and Exchange Commission ("SEC"), which will include a proxy statement/consent solicitation statement to be distributed to Bluerock's shareholders in connection with Bluerock's solicitation for proxies for the vote by Bluerock's shareholders in connection with the proposed transaction and other matters to be described in the Registration Statement, as well as the prospectus relating to the offer of the securities to be issued in connection with the completion of the proposed transaction. After the Registration Statement has been filed and declared effective, a definitive proxy statement/prospectus/consent solicitation statement and other relevant documents will be mailed to Bluerock and Yellow.ai shareholders as of the record date established for voting on the proposed transaction. Before making any voting or investment decision, Bluerock's shareholders and other interested persons are advised to read, once available, the definitive proxy statement/prospectus/consent solicitation statement and other documents filed with the SEC, as they will contain important information.

Participants in the Solicitation
Bluerock, Yellow.ai and certain of their respective directors, executive officers and other members of management and employees may be deemed to be participants in the solicitation of proxies in connection with the proposed transaction. Information regarding such participants and their interests will be included in the Registration Statement, including the definitive proxy statement/prospectus when available.

No Offer or Solicitation
This communication does not constitute an offer to sell or the solicitation of an offer to buy any securities or a solicitation of any vote or approval. No offer of securities shall be made except by means of a prospectus meeting the requirements of Section 10 of the Securities Act of 1933, as amended. Investment in any securities described herein has not been approved by the SEC or any other regulatory authority and any representation to the contrary is a criminal offense.

Non-GAAP Financial Measures
In addition to financial information presented in accordance with the Generally Accepted Accounting Principles established by the Financial Accounting Standards Board ("GAAP"), this presentation includes certain non-GAAP financial measures. These non-GAAP measures are presented for supplemental informational purposes only and should not be considered a substitute for financial information presented in accordance with GAAP. These non-GAAP measures have limitations as analytical tools, and they should be considered in addition to, and not in isolation from or as a substitute for, analysis of other GAAP financial measures.

No Incorporation by Reference
The information contained in the third-party citations and websites referenced in this communication is not incorporated by reference into this communication.

Trusted By Enterprises. Recognized By Analysts.

> *The experience with Yellow.ai has been very positive. From the start the team worked hard to understand our needs and continue to iterate to ensure that we're able to deliver a solid experience to our customers. The application is straightforward to use. It is constantly being updated which has given us additional features we didn't expect.*

Director, Healthcare & Biotech Firm

> *Yellow.ai has helped us accelerate our AI automation journey for some of the most important use cases. Our After-Hours voicebot deployment with Yellow.ai has been very successful. Offering reliable customer support, the voice AI agent answers customers succinctly. Automation of routine queries has helped us save millions of dollars over the past year with high customer satisfaction.*

Doug Mooneyham, Director of Operations Applications at Waste Connections

> *With Yellow.ai, we moved from endless delays to delivering real results. In just six weeks, we launched a fully functioning AI-powered chat that now automates more than 70% of customer interactions. Our clients are thrilled, our costs are down, and our agents get to focus on the conversations that matter most. It's truly transformed how we deliver customer service.*

Scaling Revenue, Path to Expected EBITDA

Key Highlights

3.0x

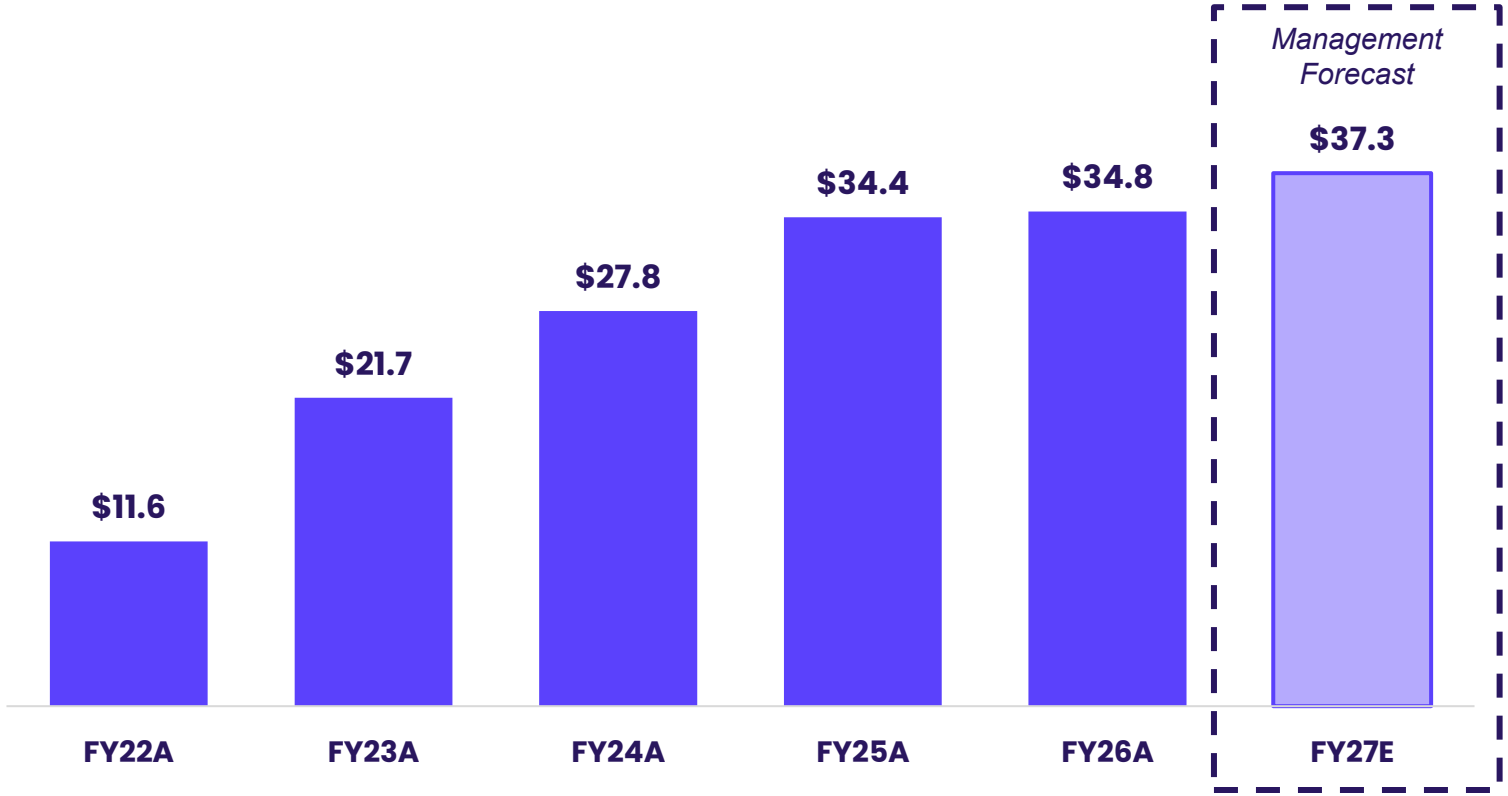

Strong historical revenue growth
FY22A → FY26A

Expected to be EBITDA positive in FY27E[1]

Key Management Assumptions & Drivers

- ✓ Product & revenue expansion via growth within existing customer base
- ✓ Driving new enterprise clients onto Yellow.ai platform through targeted sales & marketing investment
- ✓ Margin improvement driven by AI efficiencies streamlining operating expenses

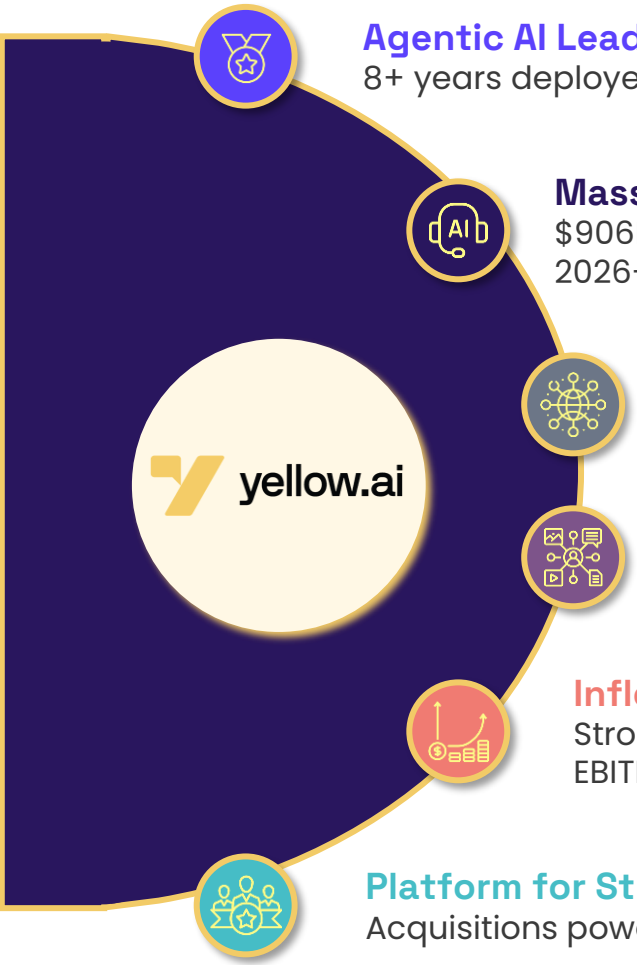

Fiscal Year ends Jan 31st (i.e., FY26A = Feb-25 to Jan-26)

Note: Fiscal year ends January 31. Revenue figures are shown in U.S. dollars in millions. "A" denotes historical actual results and does not indicate that such results have been audited. FY22 and FY23 financial information is unaudited and was not subject to a PCAOB audit. FY24, FY25 and FY26 financial information is unaudited, remains subject to completion of the Company's PCAOB audit, and may change as audit procedures are completed.

1. *FY27E represents management's projection as of June 2026, based on assumptions that management believes to be reasonable, including contracted backlog and probability-weighted sales pipeline; actual results may differ materially. EBITDA is a non-GAAP financial measure. EBITDA is defined as net income (loss) before interest expense, income taxes, depreciation and amortization. These measures should not be considered in isolation or as substitutes for net income (loss) or other measures prepared in accordance with GAAP.*

Opportunity to Unlock AI-First Enterprise Value

Agentic AI Leader at Production Scale
8+ years deployed. 16B+ conversations annually across 650+ enterprise clients, 85+ countries, 135+ languages

Massive, Fast-Forming Market
$906B BPO market by 2035E, with the AI Agent market projected to reach ~$295B, growing at a ~43% CAGR from 2026-2035E[1]

Defensible Product Moats
Multi-LLM architecture, 100+ enterprise integrations and 113% net retention ratio on agentic AI revenue[2]

Proven, Measurable Customer Outcomes
Trusted by top global brands; 75% automation; 40%+ CSAT improvement; 40%+ CX cost reduction

Inflecting Financial Profile
Strong historical revenue growth with $35M for last fiscal year and management estimates projected positive EBITDA at end of fiscal year[3]

Platform for Strategic Acquisitions
Acquisitions powered by the Yellow.ai platform

1. *Projected market data sourced from Precedence Research (https://www.precedenceresearch.com/business-process-outsourcing-market, January 2026; https://www.precedenceresearch.com/ai-agents-market, July 2026).*
2. *Agentic AI NRR measures net ARR growth from the cohort of customers onboarded on or after November 30, 2022 (the launch of ChatGPT), through January 31, 2026. It is calculated by dividing the cohort's aggregate ARR at the end of the measurement period, including expansion and net of contraction and churn, by the cohort's initial ARR at onboarding.*
3. *The Company's fiscal year ends January 31.The financial information is unaudited, remains subject to completion of the Company's PCAOB audit, and may change as audit procedures are completed. EBITDA is a non-GAAP financial measure. EBITDA is defined as net income (loss) before interest expense, income taxes, depreciation and amortization. These measures should not be considered in isolation or as substitutes for net income (loss), or other measures prepared in accordance with GAAP. FY27E represents management's projection as of July 2026, based on assumptions that management believes to be reasonable, including contracted backlog and probability-weighted sales pipeline; actual results may differ materially.*

yellow.ai

AI-Native Agility, Enterprise-Grade Robustness

Multi-LLM Orchestration

Insulates against single-provider lock-in across OpenAI, Anthropic, and proprietary models.

Big Tech can be constrained to its own LLMs

Omnichannel Enterprise Coverage

One platform across chat, voice, messaging, web, mobile — 35+ channels.

Peers can lack omnichannel reach

Native Gen-AI Architecture

Purpose-built for agentic AI, not bolted on. 135+ languages, enterprise-grade deployment.

CPaaS / CCaaS / WEM lack native Gen-AI

yellow.ai combines all three — multi-LLM, omnichannel, native Gen-AI — at enterprise scale.

Risk Factors

Yellow.ai is subject to numerous risks factors, including but not limited to the following:

- Yellow.ai is an early-stage company with a history of financial losses and expects to incur significant expenses and continuing losses for the foreseeable future.
- The impact of worldwide economic conditions, including the resulting effect on spending by businesses and spending on technology, may adversely affect Yellow.ai's business, operating results and financial condition.
- Yellow.ai's limited operating history in a new and developing market makes it difficult to evaluate its current business and future prospects and may increase the risk that it will not be successful.
- The markets for Yellow.ai's offerings are new and evolving and may develop more slowly or differently than expected. Yellow.ai's future success is dependent on the growth and expansion of these markets, its ability to adapt and respond effectively to evolving market conditions and its relationship with its business partners.
- Non-performance under, termination, non-renewal or material modification of agreements with Yellow.ai's business partners could have a material adverse effect on Yellow.ai's business, financial condition and/or results of operations.
- Yellow.ai's business could be harmed if it fails to manage its growth effectively.
- Yellow.ai's operating and financial results forecast relies in large part upon assumptions and analyses developed by Yellow.ai. If these assumptions or analyses prove to be incorrect, Yellow.ai's actual operating results may be materially different from its forecasted results.
- As a result of Yellow.ai's business model, it may not be able to accurately assess its financial position and results of operations.
- As Yellow.ai and its channels and customers adopt its proprietary machine learning systems, it may be exposed to risks related to systems efficiency and disclosure and changes to the political and regulatory framework for AI technology, which can adversely affect Yellow.ai's business, financial condition and results of operations.
- If Yellow.ai fails to improve and enhance the functionality, performance, reliability, design, security and scalability of its platform in a manner that responds to customers' evolving needs, its business may be adversely affected.
- Yellow.ai may not be able to compete successfully against current and future competitors.
- Yellow.ai may need to raise additional funds to pursue its growth strategy or continue its operations, and Yellow.ai may be unable to raise capital when needed or on acceptable terms.
- Failure to effectively develop and expand Yellow.ai's marketing, sales, customer service, and content management capabilities could harm its ability to increase Yellow.ai's customer base and achieve broader market acceptance of Yellow.ai's platform.
- If the availability of Yellow.ai's platform does not meet its service-level commitments to customers, Yellow.ai's current and future revenues may be negatively impacted.
- Yellow.ai will have broad discretion in the use of proceeds from this offering and may invest or spend the proceeds in ways with which you do not agree and in ways that may not yield a return.
- Yellow.ai is dependent on the continued services and performance of its senior management and other key employees, the loss of any of whom could adversely affect Yellow.ai's business, operating results and financial condition.
- If Yellow.ai's software or platform contains serious errors or defects, Yellow.ai may lose revenues and market acceptance and may incur costs to defend or settle claims with its customers.
- If Yellow.ai does not or cannot maintain the compatibility of its platform with third-party applications that its customers use in their businesses, Yellow.ai's revenues will decline.

Bluerock is subject to numerous risks factors, including but not limited to the following:

- Bluerock may not be able to obtain the required shareholder approval to consummate the proposed transaction.
- Bluerock Acquisition Holdings, LLC, Bluerock's sponsor (the "Sponsor"), and certain other shareholders of Bluerock have agreed to vote in favor of the proposed transaction, which may increase the likelihood that Bluerock will receive the requisite shareholder approval for the proposed transaction.
- Bluerock cannot assure you that its due diligence review of Yellow.ai's business has identified all material issues or risks associated with Yellow.ai, its business, or the industry in which it operates. Additional information may later arise in connection with the preparation of the registration statement and proxy materials or after completion of the proposed transaction. If Bluerock's due diligence investigation of Yellow.ai's business was inadequate, then shareholders of the combined company following the proposed transaction could lose some or all of their investment.
- The Sponsor and certain directors and officers of Bluerock have interests in the proposed transaction that are different from or are in addition to public shareholders, which may include direct or indirect ownership of Bluerock's founder shares and/or private placement warrants, each of which will lose their value if an initial business combination is not consummated.
- The Sponsor and Bluerock's directors, executive officers and affiliates of Bluerock's management team may receive a positive return on their founder shares even if Bluerock's public shareholders experience a negative return on their investment after consummation of the proposed transaction.
- Bluerock may be a passive foreign investment company, which could result in adverse U.S. federal income tax consequences to U.S. investors.
- Bluerock is an "emerging growth company" within the meaning of the Securities Act of 1933, as amended, and we believe that the combined company will qualify as an emerging growth company following the proposed Bluerock and the combined company intend to take advantage of certain exemptions from disclosure requirements available to emerging growth companies, which could make their securities laws attractive to investors and may make it more difficult to compare performance with other public companies.
- If Bluerock is deemed to be an investment company under the Investment Company Act of 1940, as amended, it may be required to institute burdensome compliance requirements and its activities may be restricted, which may make it difficult to complete the proposed transaction or cause the parties to abandon their efforts to complete the proposed transaction.
- In connection with the proposed transaction, the Sponsor and Bluerock's officers and directors and/or their respective affiliates may elect to purchase Class A ordinary shares from Bluerock's public shareholders, which may reduce the public float of the combined company's shares.
